

## **FIRST FINAL UB-04 MANUAL RELEASED**

The Official UB-04 Data Specifications Manual 2007 (v. 1.00) was released to UB-04 subscribers on September 22, 2006. A detailed Change Log from the Beta 3 version is included in the document.

The UB-04 subscription period has been extended to June 30, 2007 at which time the 2008 edition (v. 2.00) will be released. Errata, information on new codes, clarifications, and other guidance will be posted periodically to the subscribers section of the NUBC website (<http://www.nubc.org/subscribers/UB-04Clarifications.pdf>). Additional State Guidelines will also be posted to the website as they become available.

Version 1.00 contains the image of the UB-04 Form as approved by the Office of Management and Budget on August 28, 2006; it is identical to the proofs previously posted to the website except for the inclusion of the OMB number on the bottom of the form.

The NUBC is not handling the distribution of the form. Form manufacturers or end users interested obtaining a UB-04 license of the final approved electronic file and/or negative of the official UB-04/CMS-1450 billing form, should contact TFP Data Systems at: [info@tfpdata.com](mailto:info@tfpdata.com). Hospitals and other institutional providers should contact their regular form vendor to order paper claim forms

To become a UB-04 Subscriber see <http://www.nubc.org/become.html>. The UB-04 Manual comes with a limited single user license. However, Subscribers that order 5 manuals (\$750) will be able to sign a site license agreement allowing them to make additional copies and to make the electronic file viewable to others at their location. Contact [tomundson@aha.org](mailto:tomundson@aha.org) for further information.
